Subject: Lawsuit

Dear DOJ:

This lawsuit was ludicrous from the start, essentially a money grab by Microsoft want-to-be companies, and trial attorneys. I have experienced and can never foresee any hardship caused by Microsoft by being a pioneer in the technology field. Hence, the adage, "No good deed in this country goes unpunished".

I furthermore consider the settlement under consideration more than generous from the accused parties.

Thank you for consideration.

Sincerely,
Richard Lifsey
Metairie, LA
